

**JOB TITLE:**

First team Physiotherapist

**ROLE PROFILE:**

We are seeking a qualified Physiotherapist to help deliver medical services for Crawley Town Football Club. Working as part of a multidisciplinary team you will be responsible for the delivery of injury prevention and rehabilitation strategies that will maximise player performance, enhance recovery and reduce the risk of injury.

**REPORTS TO:**

Head of Medical

**MAIN RESPONSIBILITIES:**

Responsibilities include but are not limited to:

- To collaborate with the Head of Medical and all First Team medical and performance staff in relation to all aspects of injury prevention, player performance and rehabilitation of first team players.
- Carry out assessment, treatment and rehabilitation of injuries sustained by the first team players.
- Undertake screening of the playing squad during the season to help identify individual priority areas for injury prevention therapy and exercise.
- Use a variety of effective manual therapy techniques on the first team players to help reduce injury risk and enhance rehabilitation from injury.
- Design and deliver individual and group injury prevention exercise sessions for the first team squad.
- Produce detailed rehabilitation programmes for injured first team players, including specific individual objective markers for return to training.
- Work as part of the home match day medical team, to prepare the players for games and provide immediate emergency first aid care if required for B team matches home and away.
- Provide detailed pre-signing Musculo-skeletal assessment of new signings when required by the Head of Medical.
- Keep accurate records of all injuries, treatment, prevention, and rehabilitation sessions and record them on the medical database.
- When required, accompany players for consultations with external Medical Team and other medical appointments as requested by the Head of Medical.
- Undertake training and CPD to keep up to date with current relevant research and developments in sports medicine and participate in the club in-service training.
- Compile detailed injury information for in-season reviews and end of season injury audit.

**PERSONAL SPECIFICATION:**

Essential:

- Two years' experience in delivering physiotherapy support to elite professional sportspersons and within the professional sport sector.
- Five year's physiotherapy experience.
- Minimum BSc (Hons) Physiotherapy
- HCPC Registered
- Current FA ATMMiF qualification
- Member of the CSP
- Must be able to communicate and interact with a wide range of staff
- Must have the ability to work on own initiative and under pressure
- Must have the ability to develop within the role, learn new skills and deal with change
- Must be highly organised and assertive with strong communication and time management skills.
- Full driving licence and eligible to drive in the UK.

Desirable:

- Experience of working within a high-performance team environment with elite-level athletes
- Experience in using Benchmark54 medical notes.
- Working towards completion of a MSc or willingness to undertake a MSc in a Physiotherapy/Sports science related subject.

**HOURS:**

Variable – depending on team schedules

**SALARY:**

£32,000-£38,000

To apply for the role, please send your CV and covering letter to [Careers@crawleytownfc.com](mailto:Careers@crawleytownfc.com).
